

Camper Packing List

Resident Campers: Bring what you'll need for five nights, five days; and more masks, socks, and underwear than you would think! Campers must have their Eight Essentials ready to go with them as soon as they get to camp, because of this please do not pack clothing or other items in their backpack. If your child is taking the bus, they are welcome to bring snacks or a lunch; otherwise food is prohibited in the living unit to keep animals away. Rolling luggage is not suggested because of the dirt trails at camp. Staff will be available to help campers move luggage as needed but we suggest packing more, smaller bags versus one huge bag.
