

..... Why did the leaf go to the doctor?

Girl Scouts of New Mexico Trails

EARTH DAY

Celebrating the 50th Anniversary
April 22, 2020

“ Use resources wisely,
Make the world a better place ”

Daisy Eco Learner

Brownie Eco Friend

Junior Eco Camper

Cadette Eco Trekker

Senior Eco Explorer

Ambassador Eco Advocate

SAVE WATER

- Take a bath or take shorter showers.
- Turn off the water when brushing.
- Only use washing machines for full loads.
- Turn off the water when doing dishes.
- Fix drips and leaky faucets.

SAVE ENERGY

- Use energy efficient light bulbs.
- Turn off the lights when you leave.
- Less TV time, more reading.
- Hang clothes instead of machine dry.
- Try a no cook meal for dinner.

Girl Scouts' Powerful Legacy of Environmental Stewardship

REDUCE

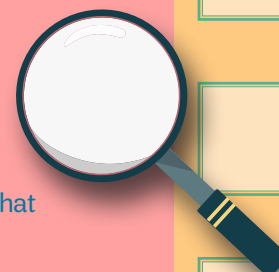

REUSE

RECYCLE

SCAVENGER HUNT

- Learn about the parts of a flower. Then find 3 different flowers. Draw & label a picture of each flower.
- Learn about the importance of pollination. Then find & observe an insect or animal that pollinates.
- Learn about animals that eat nuts & seeds. Then make a simple bird feeder!
- Learn about recycling. Then find & photograph 3 items that can be recycled & 3 items that cannot be recycled.
- Learn about water pollution. Then conduct a simple water filtration experiment.

PLEDGE

I will REDUCE

I will REUSE

I will RECYCLE

..... It was feeling green!
