

Please support Valencia Julien with her Gold Award Leadership Project

Dear Girl Scouts,

I am currently working on my Gold Award Leadership Project titled “**Giselle Learns About Alzheimer’s.**” The goal of my project book is to explain in simple words what Alzheimer’s can be. With examples of the disease and its effects, I aim to make elementary kids (K-4 grades) understand how they can help loved ones living with it. This book intends to start healthy conversations between children and adults about Alzheimer’s and Dementia, and bring awareness to what can be a scary experience for both the patient and their relatives.

I can accomplish this goal with your help by participating (adults & children) in one of the following:

- **ATTEND A VIRTUAL LIVE READING WITH THE AUTHOR VIA GOOGLE MEET**

April 5 - 7 @ 6:00pm or 7:00pm EST

*April 14 - 15 @ Time TBD

**Groups of 5-20 participants may schedule a private session*

Pre-registration required via [Signup Genius](#) by April 1, 2022

- **DOWNLOAD FREE EBOOK AND READ**

- **WATCH AND LISTEN**
